The Campbell Press

A GROWING NEWSPAPER IN A GROWING COMMUNITY

Volume 60, Number 44 | CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA | 10c per copy | Thursday, October 22, 1953

Profile of The Week

This column attempts to acquaint Campbell residents with the background of most of its leading citizens, to make for a greater interest in the activities of the Campbell area.

Pictures from the files of the Campbell Press will be drawn, by lot, for the first of the articles. When this supply is exhausted, pictures of newer residents will be taken, to run in conjunction with stories.

CORWIN H. OLDS

Homesteader, trapper, cowboy, business man, pilot in the Royal Air Force during World War I military chaplain during World War II—all these are among the varied and interesting occupations formerly held by the present pastor of Campbell Congregational Church, Rev. Corwin H. Olds.

Born in Ohio, where he attended public and high schools, Rev. Olds in 1910 went to Saskatchewan with his parents, where his early adult years were spent in the Canadian wilds as trapper, homesteader and cowhand.

While attending the School of Military Aeronautics at Toronto University, he met and later married Welma Anson of Toronto. After the war (WW1) he entered the business field as assistant buyer of the Farm Implement Department of the T. Easton Co. limited. Along with other buyers he was transferred to Moncton, New Brunswick when they opened their new Maritime branch in that city.

He moved to Maine in 1923 to enter the ministry, but continued in department store management while preparing and obtaining his B. A. degree at the University of Maine, and his B. D. degree at the Bangor Theological Seminary. During this period at Bangor he also continued to serve churches throughout Eastern Maine on week-ends, and in 1929 also became Chaplain of a Maine National Guard artillery regiment.

In 1935 after ten years in business in Bangor he moved to Rockland, Maine, where for six years he served as minister of the Congregational church there.

He then accompanied his regiment into federal service in February 1941, and was promoted successively to Division Chaplain, Chaplain of the Central Pacific Base Command, and Chaplain of Pacific Ocean Areas, on the staff of Lt. General Robert C. Richardson, Jr. with supervision of all army chaplains from his base in Hawaii to New Zealand on the south, Palau on the west, and Okinawa to the northwest, making visits to all the outposts as well. He was promoted to Colonel in July 1945. During this time Mrs. Olds, lived in Florida, Lousiana, and Mississippi

After separation from active duty in 1946 Dr. Olds served as Assistant to the President at Pacific School of Religion in Berkeley, and came to Campbell as minister of the Congregational Church in 1948. The University of Maine awarded his the degree of Doctor of Humane Letters in 1946. In 1948 he was made State Chaplain of the California National Guard, on the staff of the adjutant general in Sacramento, with supervision of Chaplain activities in the California National Guard and the Cadet Corps throughout the State, which position he still holds in addition to his church work.

Doctor and Mrs. Olds have come to Campbell to make their home, after having lived in many areas of the United States and Canada, believing Campbell to be the most ideal location they have found in all their travels. They have bought property here for their future retirement years.

Of the Olds' three children, Mrs. Delbert Barker lives with her husband and two sons in Eugene, Oregon. She attended Queen's University at Kingston, Ontario. The older son, Anson, is an Annapolis graduate, a career officer in the regular Navy now assigned to the

COUNCIL DEFERS ACTION ON ZONING ORDINANCE ONE WEEK

Campbell must wait another week for a city council decision on the master zone map and ordinance as submitted by the city planning commission. Action on the public hearing, continued from the meeting of October fifth, was closed Monday night after further petitions and letters from interested Campbell property owners had been submitted. The matter was then deferred until Councilman Joseph V. Gomes had returned from vacation, as declared in an adopted motion.

A petition carying 41 signatures asked that the San Jose-Los Gatos road between Campbell and Hamilton avenues be zoned commercial. It was filed for consideration in the hearing. Similarly, a letter from G. A. Lathrop, protesting commercial zoning on the east side of Winchester road between Hamilton and Latimer avenues was filed.

Fourteen out of 19 property owners in the vicinity of Winchester road between Hamilton and Latimer avenues favor business zoning, according to a petition filed by Elmer Garrison. Mrs. Bert Simmons, 314 Winchester road said property owners, who had signed both for and against commercial zoning, had decided to favor commercial zoning after Garrison had circulated his petition.

As with the zoning map and ordinance, the decision on whether or not to allow commercial zoning on properties of H. Y. Rice and Mayfair packing company for regional shopping centers was deferred for one week until all councilment are present.

Larry and Anamae Periera, of 386 Harrison avenue complained about the rain water overflow near their home, in a letter to the city council. The city clerk was directed to write a letter explaining that the storm sewer problem is city wide and that if they wished to install curbs, gutters and sidewalks on their property the city engineer would set grade stakes. Morton voted no in the otherwise unanimous vote.

Nestor Barrett, planning consultant said he would have no objection to O. B. Curry using a building fronting on Winchester road as a plumbing office and show room if it conformed with setback of existing buildings on the block, and was zoned C-2. Earlier, Curry had requested an amendment to his use permit request to operate a plumbing shop on Winchester road. Curry said it would be too costly to renovate a large building in rear of the property to conform with County building codes.

Councilman Joseph V. Gomes, and city attorney Joseph A. Bonacich were appointed by Mayor Richard W. Morton to represent the city at a meeting of California Legislature on municipal and county government. The meeting is to be held November 20, in San Jose and will deal with annexation and related matters.

Councilman Joseph Dahl was appointed by the mayor to inquire into Picture Realty's claim that they had operated as a real estate firm before Campbell became incorporated.

In a letter to the city council read Monday, the firm expressed a desire to reopen at their former location on the southwest corner of San Jose-Los Gatos road and Hamilton avenue. Enclosed in the letter was a check for $13.00 for one-half year's business license fee.

CUPERTINO PETITIONS TO QUIT WEST SIDE HOSPITAL DISTRICT

At a meeting of the West Valley Hospital Board last night in the city hall at Los Gatos a petition was taken under advisement from the Cupertino territory seeking its exclusion from the district, in accordance with AB-54 exclusion act recently passed by the state legislature. The district embraces Campbell, Los Gatos, Saratoga and Cupertino fringing Meridian Road and along the Stevens Creek Road. Site of the proposed hospital would be at the San Tomas Road intersection with Winchester highway near Vasona Junction.

It will have to be determined now if 51% of the signers of the petition are property owners in the seceding district. If so then two public hearings are to be called. If not then a special election in the seceding district would be called.

The $800,000 bond issue for the proposed hospital was defeated in an election November 17. For the last four years the district has levied a tax collected on the county rolls, accumulating to date a fund of $60,000. This year however, no tax is to be levied, according to an announcement last night.

William Mattenberger presided at the meeting last night. Mrs. Ona Chubb of Campbell is secretary for the board.

ALASKAN FILM SHOWN ROTARY

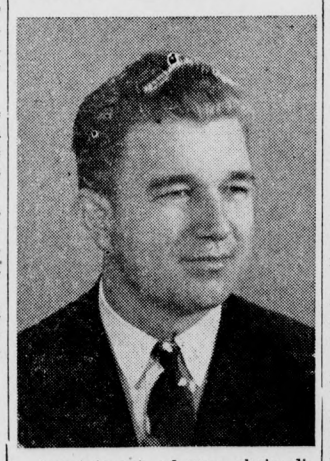
"Alaska", a film sponsored by Standard Oil Company, was presented by Glen Skilrud, local service station operator, in the entertainment portion of regular Rotary meeting, Monday.

Ray Howard, Rotary chairman for the day introduced the speaker, and conducted the meeting. Important announcement made at the meeting concerned the Club Assembly scheduled for Monday evening at Villa Felice, in place of the regular noon meeting.

Another announcement concerned the postponed softball game scheduled for last week. Club members are pondering the possibility of a football or basketball game as a means for deciding the interclub sports rivalry.

Jack Payne, Harry Redicker, Bob Jasmine, Dobie Jeffers, and Neal Royer were on the program committee. Dobie Jeffers, Ben Strong, and Merv Willoughby were on the Fellowship committee.

Congregational Church Appoints Choir Director



Appointment of new choir director David L. Wight for Campbell Congregational Church was announced recently by Rev. Corwin H. Olds, pastor.

Wight holds a graduate assistantship in the School of Music at the University of Oregon, where he received his Master's Degree in music in 1950. He earned an A. B. degree from San Jose State College in 1948 following five years in army service.

Following graduate studies at Oregon, Wight returned to this area and continued studies at Stanford University until September, 1952 when he was hired by the San Jose Unified School District to teach music at Woodrow Wilson Junior High. He was transferred to Edwin Markham Junior High this fall.

He sang with the San Jose A Cappella Choir for three years and with Stanford University chorus for two years. He has also played in the San Jose Civic Symphony and in the Standard Symphony.

Wight is a native of Brigham City, Utah.

NEW ROUTE IN CAMPBELL FOR PEERLESS LINE

Two grade crossings in Campbell will be eliminated on the Peerless Bus route number two in a schedule effective today according to Robert Bartholdi, manager. The crossings over the railroad are between Central Avenue and Los Gatos-San Jose highway and on the highway between Pamlar and Central avenue.

The bus has been routed south on Central avenue from Campbell avenue then to Hamilton where it turns east to the San Jose-Los Gatos highway. The new route starting today will be south along Central avenue, across Hamilton avenue to Pamlar then east on Pamlar to the San Jose-Los Gatos road enroute to San Jose.

ST. LUCY'S TO DEDICATE NEW SCHOOL

An open house and barbeque has been planned to introduce and celebrate the new St. Lucy's parochial school on Kennedy and Whitehall Sunday, November first, according to co-chairmen of the event, Mrs. Elmer Jones, Mrs. M. J. McCullock and Richard D. O'Connor.

Hundreds of parishioners and well-wishers are expected at the barbeque at which New York-cut steaks at $1.75 per person, 85 cents for children six to twelve, and free of charge to children under siv will be served starting at 2 p. m. with service continuing until 5 p. m. or after.

Entertainment is also scheduled for the open house, and there will be gate prizes. Officials have made plans to go ahead with the day's proceedings even in the case of inclement weather. Festivities will be held indoors in the new school in case of rainy weather, according to chairmen.

CUHS BOND DRIVE STRESSED AT PTA MEETING OCT. 14

Support for the December School Bond Drive was asked of the members present at the Campbell Union High School P. T. A. dinner meeting Oct. 14, by Mr. Lauance J. Hill, principal. He stressed the need for another high school and urged all members to get behind the drive.

A large group enjoyed the dinner served by the cafeteria staff with Mrs. R. W. Charlson, home economics teacher, serving as chairman.

Mrs. W. R. Morgan, president, extended a welcome to all present. The pledge to the flag was led by Mrs. Wilfred Peterson, who also read the Inspirational.

Group singing, led by Mr. C. P. Klassen, was followed by piano selections played by Steven Jenson, student.

Mrs. Morgan then introduced the following members of her board: Vice-President, Mrs. Laurance Hill; Recording Secretary, Mrs. Kenneth Bitzer; Corresponding Secretary, Mrs. R. T. Overacker; Financial Secretary, Mrs. Howard Keech; Treasurer, Mrs. Leonard Merritt; Auditor, Mrs. Oliver W. Buehner; Parliamentarian, Mrs. Eugene Andres. Committee chairmen were also presented.

Mr. Laurance Hill introduced faculty members. Mr. Kenneth Wallace announced the variety show would be held Oct. 23 and 24.

Chairman for the evening, Dr. W. R. Morgan, presented Dr. S. E. Torsten Lund, Associate Professor of Education of the University of California whose interesting talk on "Teamwork Unlimited" was enjoyed by all present.

At the close of the meeting Mr. Dan Knowles, former honor student of Campbell High sang two selections accompanied by Miss Lorraine Wood.

The next meeting of the Campbell Union High P. T. A. will be held on Tuesday, Nov 10th at 7:30 P. M. and will be a "Back to School" night with parents visiting class rooms of their sons and daughters. Mr. Kenneth Brown, chairman for the event announced that the Foreign Language Department would be featured.

Campbell Has World's Largest Dehydrator

POLICE PONDER PANTIE PROBLEM

A panty pirate is posing a new problem for police. Irate individuals in the vicinity of Sunnyoaks to Budd avenue, who notice the missing mentionable from their cloistered clotheslines have been calling to complain. Sundry undies seem to have been selected, police admitted.

Footprints offer the only clue, police said. Clothes and culprit are still at large.

Local Residents Petition County For Zone Changes

Appearing before Santa Clara County Planning commission at their regular meeting yesterday were Campbell residents and property owners requesting zone changes.

George N. and Pete Rajkovich petitioned to reclassify certain property from an R-3 zone to C-1 or C-2 zone. Property is located on the east side of San Jose-Los Gatos Highway between Moorpark and Fruitdale.

Joseph Agostinho submitted an application for an adjustment in the provisions of the zoning ordinance to extend the C-1 zone into the R-1 zone on property located on the westerly side of North Union avenue between Cambrian Drive and the San Jose-Los Gatos road.

Second public hearing was held on petition of Dick Yee to reclassify certain property from an R-1 to C-1-H zone, on property located at the northeast corner of the intersection of San Jose-Los Gatos road and the Southern Pacific railroad right-of-way. Property is between Pamlar avenue and Eisenhower avenue.

First public hearing was also held on the petition of San Jose Abstract company to reclassify certain property from R-1 to R-2 and R-4 zones, on property located on the east side of San Jose-Los Gatos road and south of Fruitdale avenue.

Also continued was the petition of Tilson and Sanfilippo to reclassify certain property from R-1; B-2 to C-1-H zone, located at the southwesterly corner of the intersection of Quiot road and Saratoga avenue.

Legion Auxiliary Initiates Six New Members

American Legion Auxiliary met at IOOF Hall yesterday for initiation services conducted for six new members by the initiation team headed by Mrs. H. A. Olson, presiden.

Those initiated were: Judith Clever, Sophie Hoffman, Mary Knowles, Bob Clever, Jeane Ann Strickland and Susan Burch.

Plans were made for a joint potluck dinner meeting with the Legion men to be held October 28 at IOOF hall.

Second Largest Prune Crop In Co-op History Was Processed Here In 1953

The stranger passing through Campbell would never guess that here there is a giant sized industry—the largest dehydrator in the world, now in the midst of processing the Santa Clara walnut crop.

The largest prune crop since 1948 was dried in the 48 tunnels of the Campbell dryer during the season ending last month. At that time, according to G. K. Schrader, general supervisor, 12, 640 tons of prunes from Campbell and Los Gatos growers were processed. The 1948 total tonnage amounted to 15,000 tons, which was the largest tonnage ever handled here.

The Campbell dryer, the second oldest in the State and the largest in the world, is a source of never-ending pride and satisfaction to its 300 grower members who have seen it grow from a four tunnel operation in 1937 when it handled 2,930 tons to its present 48-tunnel size processing from 12,000 to 15,000 tons of fruit a season.

Schrader, although general supervisor of the California Prune and Apricot Association throughout California, was for twelve years manager and superintendent of the Campbell dryer and Sunsweet grading plant. It was largely through his efforts as Sunsweet field representative in 1937, that the Campbell operation came into being.

Under his direction, new methods of tunnel construction, new type dippers, new machines for tray stacking, lifting and scraping were invented and installed as industry firsts, in the Campbell plant.

The Campbell Co-op which pioneered the way for four other similar associations in California, started in 1937 with financing obtained from the Berkeley Bank for Co-operatives. Its 50 member growers dried a total of 2,930 tons of green prunes in four tunnels. Built at a cost of $25,000 the fledgeling dryer had a capacity of 60 tons a day.

Clinton Hocking was first manager.

The next year, plant officials, E. K. Clendening, Robert Scholz, Dave Sanders, Stanley B. Smith, and M. S. Keesling proudly announced the drying cost of $3.80 a green ton including delivery to the plant, labor, office expense, power, fuel, depreciation, taxes and supplies. Comparable cost at commercial dryers was approximately seven dollars a ton.

A $15,000 double tunnel dehydrator unit and extension of the warehouse over the dehydrator increased the plant capacity, in 1938.

A former airplane propellor powered by a Chevrolet motor fanned the 1800 boxes of prunes stored for the curing process which follows dehydration. Because of the heavy crop that year, Campbell and Los Gatos prune growers, members of CPAA, had to rent an extra dryer.

An additional $5,000 unit went into the Campbell plant in July, 1939 in preparation for the fall prune harvest. In that year, too, the plant started to dry apricots for the first time. The membership grew to 400 in 1939 with the addition of 18 new members.

Despite wartime curtailment of the European market for dried fruit in 1940, the association built an $8,000 additional housing for four new tunnels on a lot purchased from Mrs. H. P. Dunham at 57 Central avenue, opposite the then existing dryer and warehouse, and adjoining vacant land already owned by the cooperative. Admission of twelve new members increased the drying load by 1,000 green tons. The membership that year under directors Joseph V. Gomes, F. L. Steindorf Jr., Leroy Joachim, George Payne, John Benson, E. W. Bucknell, E. L. Atvater, Louis Civich, Stanley Smith and S. M. Fidel added a steel conveyor over Central avenue which picked up empty boxes from the prune dumping shed and transported them over traffic to be stacked on the opposite side of the street. An accident occured in 1940 in a 60 foot portion of the rear annex of the warehouse when the weight of 100 tons of prunes broke

(Continued on Page 8)

CORNET STORE SLATES OPENING FOR THURSDAY

New Cornet 5-10-25 cent Variety Store will open next week, probably Monday, Dwight Merriman, construction superintendent, and Arthur Boone, manager, said today. Construction work completed yesterday includes a new, sixty-foot sign on the store front along Campbell avenue with gold-leaf letters on a red background.

Thirty local salesgirls have already been hired and are busy arranging merchandise on the twenty-eight back to back, tray like counters, in preparation for the grand opening tentatively slated for Thursday October 29.

The new store, located in the Barbano Building on the corner of Campbell avenue and Central avenue is the latest in the Cornet Chain which extends over seven western states, with main offices in Pasadena, California.

PETITION ASKS BUSINESS ZONING FOR SJ-LG ROAD

Forty-one Campbell residents signed a petition which was read at the Council meeting Monday evening requesting rezoning for an expanded Campbell business area on the San Jose-Los Gatos Hiway between Campbell and Hamilton avenues.

Petition expressly objected to the re-zoning of the west side of the San Jose Los Gatos Road for light industrial purposes. They want it zoned for business property.

Specifically, the petition compiled and submitted by E. R. Garrison asked:

(1) that all the east side of the San Jose Los Gatos Road facing the highway between Hamilton and Campbell avenue be considered for re-zoning as business property.

(2) that all of the west side of the San Jose-Los Gatos Road facing the highway between Hamilton and Campbell avenue correspondingly be considered for re-zoning as business property and not light industrial.

Business Women's Club Plans Hallowe'en Party

A Hallowe'en theme is planned for the October 28 meeting of Campbell Business and Professional Women's Club, Mrs. Emitly McConnell, hostess said. The costume event at which prizes will be awarded will take place in her home, at 40 North Carlyn avenue, starting at 8 p. m.

Guests who attended the meeting of Ocetober 14, included: Wanda Karst, Audrey Goodryder, and Marie McElroy, all of Campbell.

"OH" Dancers Pat Means, Judy Keech, Nancy McElvogue, Yvonne Flaminio and Jeanne Doerr say "Welcome" to the Campbell Caravan this Friday and Saturday nights at Campbell High School, 8 P. M.

Ballard - Wilkerson Nuptials Held In Ceremonies Sunday Afternoon

Friends and relatives gathered in the Campbell Congregational Church October 11 to attend the afternoon wedding of Elizabeth Wilkerson and Alvin Ballard. Rev. Corwin H. Olds officiated at the double ring ceremony.

Betty was gowned in a lovely ballerina wedding gown of white net—styled in off the shoulder with white silk and sequins bodice and a net stole. She carried a white Bible marked with two white orchids.

Miss Marilyn Krell was maid of honor. She wore a coral color net gown fashioned like the bride's and carried aqua carnations.

Richard Burnett served as best man and Farrel Sharp served as usher.

Mrs. Dale Wilkerson, mother of the bride, chose a gray suit with red accessories for her daughter's wedding. Mrs. Samuel Ballard wore a gray and white silk suit.

Both mothers pinned on white carnation corsages.

The reception was held at the bride's home and the beautiful wedding cake was cut at a buffet luncheon.

For her going away ensemble, the bride wore a royal blue wool jersey dress with black accessories and a white orchid corsage.

The bride attended Campbell schools and Heald's Business college and is the daughter of Mr. and Mrs. Dale Wilkerson of Los Gatos.

Alvin is the son of Mr. and Mrs. Samuel Ballard and attended Campbell schools. He is now serving with the U. S. Navy.

Out of town guests were Mrs. Doris Wilkerson of Sacramento and Mr. and Mrs. William Miller of Tracy.

Congregational Church Notes

Three important events will take place Sunday evening, October 25 at the Congregational Church.

The first "Fellowship Dinner" of the season will be held in merriman Hall at the church on Sunday at 5:30 p.m. with all friends of the church, wheather members or not, invited.

The dinner will be potluck and those attending are asked to bring a favorite dish. Rolls, butter, coffee, and dessert will be provided by the committee, and a collection will be taken to defray expenses.

A movie "The Hidden Heart", a Hollywood produced film for Congregational Churches will be shown free of charge.

"The Hidden Heart" is a story of the Stephen Wares, a normal American family composed of father, mother, daughter and son. Charlotte Wares action in choosing a well to do suitor instead of following the dictates of her heart rudely awaken her father from his complacency and bring home to him some rather unpleasant facts about the discrepancy between what he preaches and what his practices are.

The crisis is brought about by the challenge of the Ware's minister and the response of the family as they learn the meaning of "putting first things first."

The script was written by Morton Wishengrad, known for his scripts on the Eternal Life radio program.

This film will be shown in 25,000 Protestant churches this fall.

Hallowe'en Decor At Meet Here Of Eastern Star

In keeping with the Halowe'en season, decorations or corn stalks, pumpkins, scarecrows and black cats adorned the hadd and banquet room when Star Circle Night was observed by Campbell Chapter No. 553 Order of the Eastern Star last Friday evening.

Mrs. Cora W. Kaufmann, Worthy Matron, and F. Wilbur Mitchell, Worthy Patron, presided. The Worthy Matron and Mrs. Donald Hartman, Associate Matron, entered carrying Jack-o-lanters, gifts from the Star Circle.

Two candidates, Ida M. Houghland and Willis J. Rockerfellow, were initiated into the order. Mrs. Ray Martin was presented in a vocal solo for the initiatory ceremony.

First time visitors introduced and welcomed by members were: Jean Critchlow, Topeka, Kan., Jean Warfield, Ambrose, Georgia; Isabel Clark, Waterbury, Conn., Fannie J. Grandy, Comithian, Mich., Grace A Runcie, Hollister, Calif.

Following the meeting, refreshments were served in the banquet hall. Games were directed by Mrs. Galen Thompson.

Mrs. Ellis Rother, general chairman of the event, was assisted by Mrs. Lewis Sutton, Mrs. Ralph Schaefle, Mrs. F. Wilbur Mitchell, Mrs. George Hartwell, Mrs. Thomas Daugherty, Mrs. Charles Hancock, Mrs. Wm. Scott, Mrs. Galen Thompson, Mrs. James Reilly, Mrs. A. B. Givens, Mrs. Edwin Parker and Don Hartman.

Grand chapter reports and election of officers will feature the next meeting to be held on Friday evening Nov. 6, 1953 at 8 P. M. in the I. O. O. F. Hall.

Making ready for the rainy season, Economy Lumber Company is today building a 60 by 64 foot ware house on their yard off Winchester Road.

Union District Club Lays Plans For 62nd Year

Plans were made for the 62nd anniversary of the "We and Our Neighbors Club" when they met Saturday at the clubhouse on Union avenue and Los Gatos-Almaden road.

Celebration will take place at a dinner for families and friends to be held at the clubhouse November 21.

Since 1892, club president Mrs. R. A. Mirassou, said the group has been meeting regularly on the third Saturday of each month.

At the last meeting—a dessert luncheon—under the direction of hostesses Mrs. Arthur Downing, Mrs. Helding Hernstedt, and Mrs. E. J. Wiener, Mrs. Clarence Miller reviewed "Spirit of St. Louis" by Charles A. Lindberg.

Mrs. R. L. Anderson, librarian commented on the new books available in the branch library housed in the clubhouse. Music and moving pictures were also on the program.

The membership was divided into three committees responsible for one event of the year.

Those present were: Mesdames Mabel Adamson, Arthur Downing, A. C. Ellis, Milton Francis, Edith Frye, H. Galbraith, Henry Gemme, Sydney Gibbs, Hilding Hernstedt, Glenn Holmes, Jack Howe, Ed Howes, Eva Lee, Florence Lesbe, Winifred McAllister, Clarence Miller, R. A. Mirassou, William Murphy, Ansten Ness, S. Netherby, Paul Ridley, William Riggs, L. C. Sanford, Willard Schmidt, Anna Sufert, Frank Skeels, Owen Smith, Joseph Stephenson, Josephine Wade, Clarence Wright, Olga Kinkead, L. C. Kocklin, C. C. Fehl, the Misses Elsie Davis, Flora Downing, Ruby Houss, Florence Frye, and Emma Kopp.

Society... Personals... Clubs... Organizations...

Nancy Titus To Host Annual Job's Dinner

Nancy Titus, senior Princess of Bethel 174 of the International Order of Job's Daughters, will host the traditional Senior Princess dinner in the Campbell IOOF Hall, October 24. Girls in the Bethel will serve dinner from 5:30 p. m. to 7:30 p. m. according to club spokesmen.

Dinner will feature Kott Bollar or Swedish meatballs. Decorations will carry out the Swedish theme for the Smorgasbord service.

Purpose of the meal, aside from enjoyment for those who attend, is to help defray cost of the semi-annual installation of officers, and to help pay for various recreational and service projects during the term.

The dinner ($1.25 for adults and $.75 for children) will follow the regular afternoon meeting of the Bethel.

Church Bazaar Will Be Held

Fall Festival is the theme for the annual bazaar to be held Friday, November 13 by the combined women's groups of the Campbell Congregational Church.

At one booth of the sales room, aprons will be displayed, both utility and fancy ones, together with other pieces of hand work. Another booth will have a tempting array of food, cakes, cookies,

There will be a stationery counter, where lovely Christmas cards, wrappings and ribbons will be found.

At the Patio Shop the Signa Sigma group will sell plants, suitable decorations and barbecue accessories.

The Pilgrim Fellowship have plans afoot for amusement concessions in the basement.

Opening at 12 o'clock, sandwiches and coffee will be available for noon shoppers, and tea will be served in the afternoon from 2 until 4 p. m. by the Isabelle Circle.

Climaxing the day will be a ham dinner put on by the Friendly circle who have won a reputation for their dinners.

Wedding Plans

Mr. and Mrs. John L. Hembree of 1455 Darlene avenue, recently announced the engagement of their daughter, Nancy Ann to Joseph A. Schillaci, USN, son of Mr. and Mrs. Frank Schillaci of Campbell.

Nancy Ann Hembree ... Engaged

Nancy Ann is a graduate of Willow Glen High School and Joe attended Technical High School prior to enlisting in the Navy.

Wedding plans are indefinite and depend upon the benedict-elects future naval assignments. He is currently stationed in San Deigo.

Nancy Ann is employed by Mutual Life Insurance Company in San Jose.

DEMOCRATS HEAR OF PARTY ORIGIN AT MEETING HERE

The Democratic Council meeting held Tuesday night at the Rosemary School in Campbell was well attended to hear agroup of speakers including Mrs. Diana Payne of Campbell and Mrs. Alice Tully of Los Gatos.

Highlight of the evening was an address by Alan Cranston of Palo Alto, chairman of the Santa Clara County Democratic Council, who delineated the origin and progress of the Democratic party in the United States. Other speakers were John Chargin and William Crooks of Campbell and Albert Tully of Las Gatos. Refreshments were served by Mr. and Mrs. Allen Landers.

Campbell Register

Mr. and Mrs. VERNON LAWSON of E. Campbell ave., were in Southern California to attend the Milwaukee picnic last week-end.

Dr. B. H. LEE of Wekiva Drive has forsaken his fishing pole for deer hunting in Utah. Son Bob leaves to join Dr. Lee for a week's camping.

New residents of Devon avenue are Mr. and Mrs. WILBUR COGRAN, who recently moved to this area from the Pacific Northwest.

Mr. and Mrs. B. B. BOTTS returned Monday from the Pitt river section of Shasta County where they have been hunting deer. One four pointer almost got in the way of Bott's shots but he took off to the woods like mad. No venison there this week.

Mr. and Mrs. E. R. KENNEDY of Catalpa Lane and Mrs. C. C. BYRNS of E. Rincon avenue recently entertained Mrs. ROSE HANGER of Salinas.

While in the Campbell area, Mrs. Hanger was guest of the Orchard City Grange, Pundita Circle and attended a meeting of the WSCS.

Mr. and Mrs. D. R. MacKAY of Honolulu were recent houseguests of Mr. and Mrs. J. C. WILLIAMS of Lantz avenue.

Mrs. Arthur T. Robinson is recouperating from a mild attack at the home of Mr. and Mrs. Henry Young of Budd Avenue.

'Guest Day' By Woman's Club

A reading by Alden Smith, assistant professor in speech and drama at San Jose State College was given before members of the Country Woman's Club at their "Annual Guest Day" in the clubhouse Monday afternoon.

Mrs. Stewart Thompson, soprano, accompanied by Mrs. James B. Fulk, presented the musical afternoon.

Tea was served to members and their guests at the close of the meeting.

Those in charge of the afternoon meeting were Mesdames M. E. Willoughby, chairman, Ross Thowbridge, I. R. Abbott, A. C. Currie, J. C. Lezar and G. K. Schrader.

The clubs rooms were attractive in autumn shades and with chrysanthemums as the floral decor.

Mrs. Walter Elkey and Mrs. L. J. Hill presided at the tea. The next meeting is to be on November second with Mrs. Richard Morton as chairman of the day.

A Lecture on Christian Science

Entitled

Christian Science: Certain and Complete Healing Available for All

by

John D. Pickett, C. S.
of Chicago, Illinois

Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

Friends, the members of First Church of Christ, Scientist, of Los Gatos, welcome you here to share with you a lecture entitled: "Christian Science: Certain And Complete Healing Available For All."

Mary Baker Eddy, the Discoverer and Founder of Christian Science and Leader of the movement, has said in her Miscellaneous Writings "When, as little children, we are receptive, become willing to accept the divine Principle and rule of being, as unfolded in divine Science, the interpretation therein will be found to be the Comforter that leadeth into all truth."**

Our speaker is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

It is a pleasure to present to you John D. Pickett, of Chicago, Illinois.

The lecturer spoke substantially as follows:

In Isaiah we read, "For the Lord will . . . yet choose Israel, and set them in their own land: and the strangers shall be joined with them. . . . And it shall come to pass in the day that the Lord shall give thee rest from thy sorrow, and from thy fear, and from the hard bondage wherein thou wast made to serve" (14:1, 3).

Christian Science says to the stranger, says to all humanity, the bondage of sorrow and sickness disappears in your experience as you learn to understand God's infinite love for you, the child of His creating. Fear and loneliness fade from your experience as you find your spiritual home in the beauty and joy of God's eternal creation. How can you find this true home? This is a good and meritful question and brings an answer of excellence. Many of us here tonight have asked the same question. Many have found the answer in Christian Science—an answer which has brought to us a true sense of home, a true sense of God's ever-present love for all mankind. It has brought healing, comfort, security, and a renewed freshness of purpose.

The Bible Reveals Man's True Home

Do you, too, desire the answer? One very illuminating answer is given in the Bible by Isaiah, the prophet. He says (11:1, 2), "And there shall come forth a rod out of the stem of Jesse, and a Branch shall grow out of his roots: and the spirit of the Lord shall rest upon him, the spirit of wisdom and understanding, the spirit of counsel and might, the spirit of knowledge and of the fear of the Lord." This prophecy refers to the coming of Christ Jesus, but points as well to the coming of the Christ to every human consciousness, to your consciousness. For that, stranger, was the mission of Jesus—to reveal to you your Christ selfhood, your true consciousness, your true home. Jesus' mission was to reveal to you your true identity as the child of God, to show you now to free yourself from the bondage of the enslaving senses. He proved that the Christ destroys the enslaving beliefs of matter and enables you to avail yourself of the comfort and joy of divine Love.

The children of Israel knew what it means to be a stranger. They knew the grief and problems of a stranger. They knew also his joy when the pain and shadows of mortal thought fade as God's love dawns in human consciousness. Their years of slavery in Egypt never permitted the children of Israel to forget the problems of the stranger or to overlook his needs. The fourth commandment of the ten provides that the Sabbath day of rest shall also include the "stranger that is within thy gates." One of the laws of Moses recorded in the Bible states, "Thou shalt not oppress a stranger: for ye know the heart of a stranger, seeing ye were strangers in the land of Egypt" (Ex. 23:9).

Moses named his first-born son "Gershom," which means "a stranger here," for he said, "I have been a stranger in a strange land" (Ex. 2:22). Moses when in a strange land had felt the divine ministration and provision which called forth these words.

Christian Scientists love the Bible. They use the King James Version. They fully accept its sacred teachings that man is the child of God. From Genesis to Revelation, the Bible records mankind's ceaseless struggle for release from the bondage of human suffering and his persevering search for the security that is found only in the recognition of man's true home, his oneness with divine Love. Home! Security! They are never assured in the dream world of mortal existence. Home, peace, security are only to be found in the inseparable and eternal nature of God and man as revealed by Christ Jesus. Mary Baker Eddy, the Discoverer and Founder of Christian Science, writes, "Pilgrim on earth, thy home is heaven; stranger, thou art the guest of God" (Science and Health with Key to the Scriptures, p. 254).

Jesus' teachings and deeds have increasingly revealed through the centuries the eternal, spiritual nature of man and his oneness with God—his Father. Yet he was a stranger. In writing of Jesus, John said: 'The world knew him not. He came unto his own, and his own received him not" (John 1: 10, 11). Jesus, speaking of himself, said, "No man knoweth the Son, . . ." and sensing the stranger's need for love and recognition said, "Come unto me, all ye that labour and are heavy laden, and I will give you rest" (Matt. 11:27, 28). By his ascension out of the material body and his disappearance from mortal existence, Jesus proved salvation from mortal life is not by way of the grave, but through spiritually awakening to our oneness with God, divine Love. He was specific in his refutation of death as a way to man's oneness with God. Paul pointedly asked, "O grave, where is thy victory?" (1 Cor. 15:55.)

Salvation Through Realization of Man's Spiritual Nature

Jesus' deeds showed both the sinner and invalid that a complete and full salvation was within the present possibility of every sincere seeker of the Mind of Christ. The spiritual truths, taught and demonstrated by Jesus, enabled one of his disciples, John, to prove that salvation comes through the spiritualization of individual human consciousness. John unforgettably sets forth his experience in the book of Revelation as follows: "I saw a new heaven and a new earth: for the first heaven and the first earth were passed away. . . . And I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them. . . . And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away" (Rev. 21:1, 3, 4).

Mrs. Eddy understood the full significance of this remarkable experience of John and its implication that the way of salvation is through unfolding stages of individual consciousness. The Christian Science textbook, "Science and Health with Key to the Scriptures," reveals the scientific significance of John's experience as follows: "This testimony of Holy Writ sustains the fact in Science, that the heavens and earth to one human consciousness, that consciousness which God bestows, are spiritual, while to another, the unillumined human mind, the vision is material. This shows unmistakably that what the human mind terms matter and spirit indicates states and stages of consciousness" (p. 573).

The scientific truths of Christian Science come through individual spiritualization of thought. The physical scientist of today confirms Mrs. Eddy's statement that there is "no . . . substance in matter" (Science and Health, p. 468). Experiments in atomic fission have revealed what Mrs. Eddy almost a century ago discerned spiritually to be the temporal nature of matter. Human consciousness is losing its faith in material remedies. The world is searching for a dependable remedy. Enlightened thought is looking to Spirit, God, for healing. Religion, also, is increasingly reflecting the broader sense of God as Life, Truth, and Love, and is beginning to acknowledge God's power to heal the invalid as well as the sinner, as taught by Christ Jesus and revealed by Christian Science. Human thought is becoming less of a stranger to the scientific truths of divine Mind and is finding its true source to be in the universe of Spirit. Through Christian Science humanity is increasingly proving man's heritage, his oneness with divine Love.

The Blessings That Come with Man's True Recognition of Home

A little boy, a pupil in a Christian Science Sunday School from the time he was two and a half years of age, lived with relatives until after the war, when he rejoined his family re-established in a distant city. Throughout this period, there came to this boy no sense of separation. He had learned in Christian Science the inseparable unity of his loved ones in the spiritual allness of divine Love. He had learned in the Christian Science Sunday School to rely on the power of God's love to heal all problems. He brought this love and spiritual assurance to his re-established home. His childlike faith in God renewed his mother's reliance on God's power to heal and brought his father into Christian Science for the first time. All three attended Christian Science services regularly. A year later his relative with whom he formerly lived received a gift with a card addressed by the boy. The child's writing on the card read, "With love from us." As she read the words "from us," the security and oneness that came from the boy's sense of the unity of his home also filled her heart.

Security Found in Spiritual Sense of Home

Social workers tell of the sense of security that comes with the established unity of the home. Christian Science brings to man the conviction of unity and security that comes with the spiritual sense of home. It reveals to the stranger his rightful place in the consciousness of divine Mind and brings to him the true understanding of Paul's words, "For in him we live, and move, and have our being" (Acts 17:28).

The student of Christian Science is enabled to see that the ills of mortal life stem from the false sense of being estranged from God, divine Love. The spiritual understanding of the fatherhood of God brings the realization of our true place in the brotherhood of man. Mrs. Eddy, writing of God's power to gladden the heart, states (Science and Health, p. 121), "So we have goodness and beauty to gladden the heart; but man, left to the hypotheses of material sense unexplained by Science, is as the wandering comet or the desolate star—'a weary searcher for a viewless home.'" Elsewhere she writes, "The present self-inflicted sufferings of mortals from sin, disease, and death should suffice so to awaken the sufferer from the mortal sense of sin and mind in matter as to cause him to return to the Father's house penitent and saved" (Message to The Mother Church for 1901, p. 17). Yes, our trials often serve quickly to return us to reliance on divine Love.

Church

Mrs. Eddy's complete acceptance and her profound spiritual understanding of Jesus' teaching of the fatherhood of God brought to her the revelation of the Holy Comforter, divine Science, and revealed to her the protecting love of God's motherhood. It is on this spiritual basis of God's fatherhood and motherhood and man's oneness with Him that Mrs. Eddy established the Christian Science church. Church is defined in the Christian Science textbook thus: "The structure of Truth and Love, whatever rests upon and proceeds from divine Principle. The Church is that institution, which affords proof of its utility and is found elevating the race, rousing the dormant understanding from material beliefs to the apprehension of spiritual ideas and the demonstration of divine Science, thereby casting out devils, or error, and healing the sick" (p. 583). The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and its branches are united in the oneness of this divine Love which manifests itself as spiritual law. The Mother Church Manual sets forth the spiritual laws that are the source of the inseparable unity of its members. The remarkable relationship of The Mother Church and Christian Science branch churches reveals the true unity that is manifested when man is governed by divine Love. The relationship of God and man in Christian Science is seen as one Father with His universal family, held in the unity of Love. Christian Science branch churches throughout the world and their individual members are experiencing the freedom of thought and action that comes from obedience to divine Principle, Love, and which is the basis of the healing power of Christian Science.

The Discoverer and Founder of Christian Science

In her early life, Mrs. Eddy faced many of the tribulations which arise from the belief that man can be estranged from Love's tender care. It was her refusal to accept the belief that man could be separated from God, and her scientific discernment of man's oneness with Him, that led to her discovery of Christian Science. Let me give you her experience as set forth in her own words: "The trend of human life was too eventful to leave me undisturbed in the illusion that this so-called life could be a real and abiding rest. All things earthly must ultimately yield to the irony of fate, or else be merged into the one infinite Love. . . . Previously the cloud of mortal mind seemed to have a silver lining; but now it was not even fringed with light. Matter was no longer spanned with its rainbow of promise. The world was dark. . . . Thus it was when the moment arrived of the heart's bridal to more spiritual existence. When the door opened, I was waiting and watching; and, lo, the bridegroom came! The character of the Christ was illuminated by the midnight torches of Spirit. My heart knew its Redeemer. He whom my affections had diligently sought was as the One 'altogether lovely,' as 'the chiefest,' the only, 'among ten thousand.' . . . Being was beautiful, its substance, cause, and currents were God and His idea. I had touched the hem of Christian Science" (Retrospection and Introspection, p. 23).

Her spiritual revelation of man's oneness with divine Love came to Mrs. Eddy at a time when an attending physician and her friends believed her to be near death. As she was reading the account of Jesus' healing of the palsied man in the Gospel of Matthew, the truth of man's eternal perfection illumined her consciousness and revealed to her man's oneness with God. She was instantly healed. This incident led to her discovery of Christian Science and its laws of spiritual healing. Later Mrs. Eddy set forth these spiritual laws in the Christian Science textbook, a book which has brought healing and happiness to countless thousands.

Government

The happy man is that man who has learned to yield to the government of divine Mind, the only true government and the only real Mind. That country governed by law rather than by despotic personal rulers more nearly reflects the spiritual government of divine Mind. Enlightened countries of today are turning to government by law rather than by enslaving personality. Individual freedom, growth, and progress are nurtured in those countries governed by law. So in individual experience Christian Science proves that joy sings and freedom beats in the hearts of those who are governed by divine law rather than by the false claims of the enslaving physical senses. Christian Science brings to the man governed by spiritual understanding that blending with God, his divine Principle, which gives man dominion over all the earth.

Christian Science is mistakenly thought by some who are unacquainted with its divine Principle to be the doctrine of the human mind over matter. Christian Science healing is not using the human mind to heal matter. It is the power of the divine Mind, God, over all the ills peculiar both to the fleshly mind and physical body. It proves that the ills of mortal mind and body yield to the power of the divine Mind, manifesting itself as spiritual law. The power of this true Mind, or the Mind of Christ, present in every individual consciousness — your consciousness—enables you prove the supremacy of spiritual law over all the evils of the flesh.

Jesus and the Christ

The teachings and works of Christ Jesus are based on the power of spiritual law manifested through his Christ nature. Christian Science distinguishes between Jesus and the Christ. Jesus was the human man; the Christ, his divine nature by which he demonstrated the power of Spirit to destroy every inharmonious belief of the flesh, including death itself. Jesus told his disciples that his healing power had its source in his recognition of man's oneness with God, his Father. He said, "Believe the works: that ye may know, and believe, that the Father is in me, and I in him" (John 10: 38). To the question, "If thou be the Christ, tell us plainly," Jesus answered, "The works that I do in my Father's name, they bear witness of me. . . . I and my Father are one" (John 10:24, 25, 30).

Mrs. Eddy, referring to these words of Jesus, writes, ". . . not that the corporeal Jesus was one with the Father, but that the spiritual idea, Christ, dwells forever in the bosom of the Father, God, from which it illumines heaven and earth; . . ." (Science and Health, p. 334). The Mind of Christ Jesus the Bible unmistakably implies to be the true Mind of every man. The Bible authorizes you to accept this Mind that was the source of Jesus' works and commands you to understand and demonstrate it in healing your fellow men. Christian Science is today enabling thousands to fulfill Jesus' command to heal and to bless their fellow man through the power of the Christ.

In the scientific understanding of man's place in the government of divine Love, the unreal qualities of loneliness, discouragement, old age, lack, and self-condemnation disappear. In their place come the divine qualities of joy, activity, health, and peace. As we express these higher qualities, we partake of the blessings that come to those who are governed by the Christ. Then we find ourselves no longer strangers to God's love, but friend and brother in the true fellowship of those striving to prove their likeness to their Maker.

As the individual is obedient to the Bible's command to "let this mind be in you, which was also in Christ Jesus" (Phil. 2:5), he is able to prove the divine qualities of health, intelligence, love, abundance to be an integral part of his true being. These desirable qualities are as much a part of your Christ nature as light is with the sun or water with the sea.

The True Nature of God and Man Revealed

The spiritual understanding of God's divine nature and of man as God's reflection brings health to mind and body, love to home and family, success to our business activities, and assures the fulfillment of our prayers.

Christian Science teaches that God is Mind, Spirit, Soul, Principle, Life, Truth, and Love: the all-knowing, all-wise, all-loving, and eternal Father Mother. These terms for God are synonymous. They are found either directly stated or implied in the Bible. They reveal the essence and wholeness of Deity. Christian Science enables the student to progressively understand the supreme nature of God as the only Life, the only intelligence of the universe, including man. Christian Science reveals that man is essential to the full expression of God's nature. It enables man to know himself as the image or reflection of God. Our textbook states, "If God, who is Life, were parted for a moment from His reflection, man, during that moment there would be no divinity reflected. The Ego would be unexpressed, and the Father would be childless—no Father" (Science and Health, p. 306).

The spiritual understanding of this statement destroys the false suggestion of the carnal mind that one could ever be unwanted or unneeded. The understanding of man's essential place in God's divine nature uncovers the malicious purpose of error in attempting to make man believe himself estranged from his divine Principle, God. Christian Science exposes the falsity of error's attempt to make you, God's son, you who are essential to the full expression of His nature, believe yourself unneeded, unwanted, and separated from His love. Christian Science brings to man the spiritual understanding of his oneness with divine Mind that enables him—enables you—to fulfill your divine mission to glorify the Father, to assume your rightful place as a representative of divine Love.

Marriage

To young people about to enter marriage and the establishment of a home of their own, Christian Science brings the assurance of Love's fulfillment. Some mortals look upon marriage as an experience filled with uncertainties, but those who spiritually understand man's true nature as Love's idea are equipped to demonstrate an ever-increasing sense of security and sweet renewal of affection. Mrs. Eddy writes, in the chapter on Marriage in the Christian Science textbook, "Love enriches the nature, enlarging, purifying, and elevating it" (p. 57). The affections of the husband and wife who understand Love's higher nature unfold naturally into unity of spirit. This unity brings to marriage partners the interchange of confidence and sympathies which enable them to prove home to be the dearest spot on earth. Also in the chapter on Marriage, Mrs. Eddy writes, "Unity of spirit gives new pinions to joy, or else joy's drooping wings trail in dust" (p. 58), and later she adds (p. 58), "Unselfish ambition, noble life-motives, and purity,—these constituents of thought, mingling, constitute individually and collectively true happiness, strength, and permanence."

Mrs. Eddy also writes: "Union of the masculine and feminine qualities constitutes completeness . . . These different elements conjoin naturally with each other, and their true harmony is in spiritual oneness" (Science and Health, p. 57). In marriage, every woman hopes to find that man who comes nearest to the fulfillment of her ideal and every man the woman who fulfills his ideal. As the spiritual nature of these ideals becomes clear in Christian Science marriage partakes of its true nature, wherein is revealed man's completeness as the full expression of divine Love, and each partner is able to meet and solve the problems of earthly life and to hallow the union of affection whereby the heart finds peace and home.

God's Children Reflect Love's Perfection

Children of Christian Science homes with the advantage of a higher spiritual sense of being should be able to demonstrate more confident intellects, better balanced minds, and sounder constitutions. Children of Christian Science homes partake of the beauty and harmony of their parents' understanding of Love's divine nature and in turn reflect it in their life, their school activities, their relationships with others, and in healthy constitutions. Passing years bring an increasing proof that joy and peace are eternal qualities which progressively unfold in the home united in the radiance of divine Love.

How Christian Science Heals

The question is often asked by the stranger, "How does Christian Science heal?" One answer could well be, By bringing to human consciousness the spiritual understanding of the true nature of man and the universe and by its exposure of the illusory nature of matter. The healing power of Christian Science rests on the Christianly scientific basis of being. Mrs. Eddy writes: "The Scripture declares, 'The Lord He is God [good]; there is none else beside Him.' Even so, harmony is universal, and discord is unreal. Christian Science declares that Mind is substance, also that matter neither feels, suffers, nor enjoys. Hold these points strongly in view. Keep in mind the verity of being, —that man is the image and likeness of God, in whom all being is painless and permanent" (Science and Health, p. 414). And later she writes: "When the illusion of sickness or sin tempts you, cling steadfastly to God and His idea. Allow nothing but His likeness to abide in your thought" (Science and Health, p. 495).

The world is increasingly recognizing and admitting the powerlessness of matter to bring health, security, or peace, and is turning to God—divine Mind—for an answer to its problems. Many nations are looking away from material force as the highest means of peace. Many individuals are turning away from material remedies as a means of healing. They are looking to divine intelligence, divine Mind, as a solution to their problems. Warfare is becoming increasingly a barrage of ideologies which material weapons are powerless either to solve or dissolve, and which the understanding of Spirit, Truth, alone can clarify. The unreliability of material remedies is yielding to the power of divine Mind to heal the conflicts and insecurities of human thought, the source of most bodily ills. Medical and physical scientists are progressively seeing the inability of material remedies to permanently heal and the powerlessness of material force to bring peace. Statesmen and modern theologians are recognizing that the destinies of all peoples are inseparably knit together in an over-all pattern which can only be attained through the practical realization of man's spiritual brotherhood.

These are advancing steps of progress. The next step as revealed in Christian Science, will come when human consciousness turns completely from its faith in the unreal, carnal mind, the source of sin, sickness, wars, and death, to God, the divine Mind, who is the source of infinite Life, Truth, and Love. The Bible's statement that "to be carnally minded is death; but to be spiritually minded is life and peace" (Rom. 8:6) means exactly what it states. It means that the carnal mind, being entirely supposititious in its dream nature, is the mind in which there is no life, no harmony, no peace. It means that the divine Mind, God, your true Mind, is the source of all Life, harmony, health, intelligence. Christian Science enables you to discard the erring carnal mind, with its accompanying ills and troubles, and to put on the divine consciousness, the source of all good, which is, itself, Life eternal.

Spiritual Healing Illustrated

Thirsty travelers in the desert tell of seeing mirages of water and trees only to find their resultant hopes unsatisfied and betrayed. So it is with those who look to the carnal mind for health, security, peace. Christian Science heals by exposing the mirages of the desert of sensual experience. Jesus did not heal by treating matter as real or using material remedies. He healed by awakening the individual to his perfect, eternal, spiritual nature as the child of God. Christian Science explains the work of Jesus as based on divine Principle. It enables you to prove that the Mind that he used is your real Mind, to express the love that he expressed, and thus to heal as Jesus healed.

Healing Power of Prayer in Christian Science

You may ask: "How can I find the Christ within myself? How can I know myself as the child of divine Love?" The answer? It is one word—prayer! How simple is prayer in Christian Science!

Your desire to know your true self as God's child is prayer. The fact that you are at this lecture is because of your desire or prayer. Mrs. Eddy writes, "What we most need is the prayer of fervent desire for growth in grace, expressed in patience, meekness, love and good deeds" (Science and Health, p. 4). Always realize that achievement comes in the degree that you reflect and express through prayer the activity of divine Mind and thus forsake the obsolete ways of mortal thought. The student of Christian Science soon learns that prayer, to be effective in our desire for health and spiritual freedom, is more than pleading with God to fill our needs. He soon ascertains that a clear understanding of the true nature of God and man expressed in love and good deeds assures answered prayer. Prayer is the Christ way of humility. Prayer will establish your oneness with divine Love.

Mrs. Eddy writes, "Only as we rise above all material sensuousness and sin, can we reach the heaven-born aspiration and spiritual consciousness, which is indicated in the Lord's Prayer and which instantaneously heals the sick" (Science and Health, p. 16). She then gives the spiritual interpretation of Jesus' prayer, wherein is revealed the infinite nature of God and His creation and His relationship to man as Father-Mother—divine Principle, Love.

Christ Jesus understood the divine relationship of God and man. His prayer—the Lord's Prayer—inspires consciousness and presents the spiritual view of man that heals instantly.

Jesus could say, "Our Father," because he understood the universality of Love.

Jesus could say, "which art in heaven," because he listened to the things of Spirit; because his thoughts dwelt on the spiritual ideas of God.

He could say, "Hallowed be thy name," because he reflected the Christ, which reveals man's oneness with God.

The Master could say, "Thy will be done," because of his confident obedience to Principle, divine Love.

He could say, "in earth, as it is in heaven," because his life was consecrated to the glorification of his Father, God.

The Way-shower could say, "Give us this day our daily bread," because he never let the fear of tomorrow hide from him the spiritual opportunities of today —the ever-present now.

He could say, "Forgive us our debts, as we forgive our debtors," because he beheld in Christian Science the perfect man as the expression of Love.

He could say, "Lead us not into temptation," because he knew the salvation that comes with the understanding of Love's true nature.

Jesus could say, "Deliver us from evil," because he was at all times spiritually prepared to resist the temptations of the carnal mind.

Jesus could say, "Thine is the kingdom," because he was ever aware of the kingdom of heaven, the realm of unerring Mind expressed by himself and all men.

The Master could say, "Thine is the power," because he proved and taught others to prove, the power of divine Love to destroy sin, disease, and death.

He could say, "Thine is the glory," because he knew the Christ power within himself and all men to be the source of Love's mighty works.

Jesus could say, "forever," because he knew the Christ, the true nature of man, would forever continue to manifest itself in the eternal relationship of God and man.

The Lord's Prayer is the prayer which we can all use just as our Master did.

Daughter Of Former Campbell Resident Is Married In Ventura

Only their immediate families and closest friends witnessed the exchange of marriage vows recently between Miss Mary Elizabeth Steubing and William Fred Plymale at Ventura, California. William Fred Plymale is the son of Mr. and Mrs. William S. Plymale, popular former residents of Campbell.

The bride is the daughter of Mr. and Mrs. William T. Steubing of Ventura.

The couple were married in flower decorated First Christian Church at Ventura.

For the wedding, the bride wore a two-piece faille ensemble of pink.

The newly weds, after a wedding trip to northern California, will reside at Ventura.

A 1953 graduate of Ventura senior high school, the bride is employed by Sears Roebuck. Her husband, a staff member at Camariillo state hospital was graduated from Oxnard union high school in 1951 and Ventura college in 1953.

County Officers Of Lions Clubs To Be Installed

The installation of officers for the Santa Clara County Council of Lions Clubs, Inc. will be held on Saturday evening October 24, 1953 at the Villa Felice restaurant on the Santa Clara-Los Gatos road. District Governor Pat Carroll of Watsonville will be installing officer. Colonel Hillyer of Carmel will be master of ceremonies.

Fred J. Logan of the Sunnyvale Club will be installed as the incoming President, John Brombery of the San Jose Alum Rock club will be Vice President, Fred Clark of the Santa Clara club will be secretary , and Herman Miller of the San Jose Hester club will be treasurer.

Clubs in the Santa Clara County Council include: Campbell, Cupertino, Los Altos, Los Gatos, Morgan Hill, Mountain View, San Jose, San Jose Alum Rock, San Jose Beverly-Burbank, San Jose Hester, San Jose Willow Glen, San Marin, Santa Clara, Saratoga, Sunnyvale.

The Lions Clubs of this area are currently conducting their yearly fund drive for Charity. Typical Lions projects include Care for the blind, outfitting of school safety patrols, school scholarships, helping with the financing and construction of youth centers and many others.

All Lions and their wives are invited to this affair. Dancing will follow the installation.

QUITO SCHOOL HOLDS FESTIVE 'FARMER'S FAIR'

The FARMERS FAIR, sponsored by the Quito Elementary School P. T. A. last Saturday was a complete success and for the children, one of the most enjoyable days of the year.

The booths, offering a variety of games and home made goodies, were run by room-mothers,under the chairmanship of Mrs. Joseph J. Geraci.

The game contest for the children, held throughout the day was under the direction of Mr. and Mrs. Thomas L. Stevenson.

In the evening, the adults took over to enjoy themselves with a dance in the school cafetorium. Herman Raymond and Alforse Elizondo served as chairmen.

Fair chairman of this huge affair was Mrs. Robert Landis ably assisted by Mrs. Charles Alkire, and Mrs. Dorothy Sutter, principal of Quito School who devoted the entire day in assisting in every way possible.

GILMORE ERICKSON, Director
Chapel of the Psalms

A Personal Responsibility...

When bereavement comes, a personalized feeling of sympathy and understanding lends peaceful dignity to a final tribute offered in the beautiful Chapel of the Psalms. Regardless of creed or financial position, *every service is complete* at a cost of your own choosing.

Timeplan arrangements are available.

1039 LINCOLN AVE. · SAN JOSE

LEGAL NOTICE

ORDINANCE NO. 42

AN ORDINANCE APPROVING THE ANNEXATION OF CERTAIN CONTIGUOUS UNINHABITED TERRITORY TO CITY OF CAMPBELL, CALIFORNIA, COMMONLY KNOWN AS THE LANDS OF WESTERN GRAVEL, DESIGATED HEREIN AS CAMPBELL ANNEXATION 1953-3, IN ACCORDANCE WITH THE PROVISIONS OF SECTION 35300 ET SEQ OF THE GOVERNMENT CODE OF CALIFORNIA.

WHEREAS, the City Council of City of Campbell, California did heretofore on July 20, 1953, on its own motion initiate proceedings for the annexation of certain uninhabited territory contiguous to the boundaries of City of Campbell, and,

WHEREAS, said action by the City Council was supported by the written request of the owners of all the land proposed to be annexed, and

WHEREAS, the City Council of the City of Campbell did, on the 8th day of September, 1953, pass and adopt its Resolution of Intention to annex said uninhabited territory, hereinafter described, lying outside of and being contiguous to the boundaries of the City of Campbell, which said Resolution fixed notice of the day, hour and place where any person owning real property within such territory so proposed to be annexed and having any objections to the proposed annexation might appear before the legislative body and show cause why such territory should not be so annexed; and

WHEREAS, the said Resolution and Notice was duly, regularly and lawfully published for two (2) successive weeks prior to such hearing in The Campbell Press, a newspaper of general circulation, published in the City of Campbell, and for two (2) successive weeks prior to such hearing in the Los Gatos Times, a newspaper of general circulation published outside the City of Campbell, but in the County of Santa Clara, State of California, proof of said publications having been made by the affidavits of the publishers on file with the City Clerk of City of Campbell, and

WHEREAS, copies of said Resolution and Notice were duly and regularly mailed by said City Clerk to each property owner in said area proposed to be annexed as shown by the last equalized assessment roll in Santa Clara County and as required by the provisions of Section 35311 of the Government Code with respect to the annexation of uninhabited territory having been complied with; and

WHEREAS, such hearing was held pursuant to said Notice contained in said Resolution on the 13th day of October, 1953, at the time and place fixed therein; and

WHEREAS, such hearing was not less than fifteen (15) days not more than forty (40) days from the date of passage of said Resolution; and

WHEREAS, at the said hearing there were no protests by any owner or owners of one-half (½) of the value of the territory proposed to be annexed, according to the last equalized assessment roll of the County of Santa Clara, State of California; and

WHEREAS, the City Council finds that the territory proposed to be annexed is contiguous to the boundaries of the City of Campbell, and that the same is uninhabited territory as defined by said Government Code of California and that it is for the best interest, convenience, necessity and general welfare of the people of the City of Campbell that the said territory be annexed to said City of Campbell! and that its annexation will help develop more accurate boundaries for said City and will further industrial development in said City;

NOW THEREFORE, THE CITY OF CAMPBELL DOES HEREBY ORDAIN AS FOLLOWS:

Section 1: That the annexation of the uninhabited territory hereinafter described be, and the same is hereby approved, and that the said territory be, and the same is hereby annexed to the City of Campbell; and that the territory affected by this approval and the proceedings heretofore had shall be commonly known as the lands of Western Gravel and designated herein as Campbell Annexation 1953-3, and described as follows:

Beginning at the intersection of the southeasterly right of way line of what was formerly known as The South Pacific Coast Railway Company and the northerly line of the south one-half of Section 35, T 7 S; R 1 W, M D B and M, which is also a point on the present southerly limits of the City of Campbell; and which point was used as point of beginning for the description of Parcel 2 in deed to Western Gravel Company, recorded in office of Recorder of Santa Clara County Records in Book 2113 of Official Reocrds on page 149; thence easterly along said southerly City Limits and the northerly boundaries of the lands described in said deed to Western Gravel Company, to the northeasterly corner of Parcel 1 as described in said deed; thence in a general southerly direction, along the easterly boundary of said Parcel 1 to a point which is distant 150 feet; measured at right angles, northerly of the northerly line of Casey Road; thence westerly along a line parallel to and distant 150 feet, measured at right angles, northerly of the northerly line of Casey Road to the intersection with the westerly boundary of the land described as Parcel 3 in said deed; thence northerly and easterly along the westerly and northerly boundary lines of the southerly portion of the land described as Parcel 3 in said deed to a point on the southerly prolongation of the easterly line of the land described in deed to Ray Cunningham, et ux, recorded in the office of said Recorder in Book 1065, Official Records, page 528; thence northerly along the prolongation of and the easterly line of said land now or formerly owned by Ray Cunningham to the northeasterly corner thereof; thence in a general westerly direction along the northerly line of said land of Cunningham and the westerly prolongation of the westerly portion of said line to a point on the northerly prolongation of the westerly line of Camden Avenue; thence southerly along the northerly prolongation of and the westerly line of Camden Avenue to a point on the northerly line of the land described in deed to Russell B. Sargent, et ux, recorded in the office of said Recorder in Book 1340, Official Records, page 123; thence westerly along the northerly line of said land now or formerly owned by said Sargent to the northwesterly corner thereof; thence southerly along the westerly line of said land of said Sargent and the southerly prolongation thereof to the southwesterly corner of the land described in deed to Donald R. Van Rossem, et ux, recorded in the office of said Recorder in Book 1363, Official Records, page 309; thence easterly along the southerly line of said land now or formerly owned by said Van Rossem to a point on the westerly line of Camden Avenue; thence southerly along said westerly line of Camden Avenue to the intersection with the northerly line of the land described in deed to Walter I. Sano, recorded in the office of said Recorder in Book 2517, Official Records, page 217; thence westerly, northerly and westerly along the general northerly boundary line of said land, now or formerly owned by said Sano, to a point on the first above mentioned Railroad right of way line; thence northeasterly along said Railroad right of way line to the point of beginning.

Section 2: Pursuant to the provisions of the said Government Code of California, the City Clerk shall, and she is hereby directed to file with the Secretary of State of California, a certified copy of this Ordinance immediately upon the said Ordinance becoming effective.

Section 3: The City Clerk is hereby ordered and directed to file with the Office of the Recorder of the County of Santa Clara in which the City of Campbell, a municipal corporation, is located, an affidavit stating that all requirements of the law pertaining to such proceedings for annexation have been complied with. Be it further provided that this said affidavit shall be accompanied by a certified copy of boundary descriptions as set forth in the annexation proceedings and also by a map delineating such boundaries.

Section 4: That all expenses of proceedings for the annexation of the said uninhabited territory be paid, and the sums be, and they are hereby allowed.

PASSED AND ADOPTED THIS 19th DAY OF OCTOBER, 1953, by the following vote:

AYES: COUNCILMEN: ARENDS, DAHL, JENSEN, MORTON.

NOES: COUNCILMEN: None.

ABSENT; COUNCILMEN: GOMES.

APPROVED:
RICHARD W. MORTON,
Mayor

ATTEST:
DOROTHY TREVETHAN,
City Clerk.

NOTICE OF HEARING

NOTICE IS HEREBY GIVEN that the Secretary of the Planning Commission of the County of Santa Clara, State of California, has set the hour of 3:30 P. M. on Wednesday, the 4th day of November 1953, in the Planning Commission Hearing Room at the Civic Center, 1st and Rosa Sts., San Jose California, as the time and place for public hearing on the application of CLARENCE D. EAVENSON for an adjustment to permit an addition to a dwelling to encroach four feet into the required front yard setback on property located on the southerly side of Patio Drive between Leigh and Hurst Avenues, a more detailed description of which is on file in the office of the County Planning Commission.

BUCCANEERS TIE FREMONT, 13-13; STILL TIED FOR SECOND PLACE BEHIND SANTA CLARA IN SCVAL

Fremont had control of the skies above Campbell High School gridiron, Friday but Campbell's grid troops held their own in a key 13-13 tie battle which left both teams in second place behind Santa Clara in SCVAL standings.

Both Fremont touchdowns resulted from successful forward pass set-ups, as they completed three out of seven for a total of 35 yards. Campbell gained not a yard in the air, although they completed two in four trys. Their ground game was better. They picked up 180 yards rushing, as compared to 130 for Fremont.

Campbell scores came in the first and closing minutes of the final period, although Campbell's Bill Gregg frightened Indian rooters with a 25 yard punt return to the Fremont 30, early in the first quarter. The scoring threat was reversed, when Fremont's Jerry Hitchman picked off Larry Sutton's pass on his own 10 and returned to the Buc 46. While it took 16 plays to hack their way through a strong Campbell line, the Indians struck paydirt first with but 30 seconds, remaining in the period. Highlight of the drive was a 16-yard pass completion, Hitchman to end Dick Choate.

The Bucs tied the score in the wide-open, thrill packed fourth period after they had recovered a fumble on the Indian 15 Five plays later Don Davis squirmed home from the two.

Second Fremont score came in the fourth period, 13 plays after Hitchman returned the Campbell kickoff to the Buc 42. Manson scored from the two, and converted on a line plunge.

The scoring position was gained from a successful Hitchman to Choate pass.

Fifty-five seconds before the final gun sounded, Gregg tallied for Campbell and Bill Montero powered through right tackle for the all-important extra point.

Jim Muir, head coach at Campbell High pointed out that the Buc air game was off, possibly because of the absence of end Tony Schrau, out with an ear infection.

The Bucs tried four passes. Two were intercepted. One was incomplete. A possible scoring set-up—Gregg's completion to the Indian 20 was nullified by an off-side penalty.

While the Campbell air attack was stymied, Muir praised the work of his ground crew, and singled out Olon Forrest at guard and end Russ Camilleri as standout linemen.

Muir said he was pleased with the strong Campbell line which limited the longest Indian run to under eight yards.

Penalties cost the Campbell squad four first downs, he said, and caused them to kick three times.

Biggest satisfaction for Campbell rooters came from the team's ability to come through when the going was toughest.

CORALIE HANSEN WEDS PAUL CIRAULO IN ST. MARTIN'S RITES

Large copper bowls of white chrysanthemums graced the altar of St. Martin's Church recently for the ceremony uniting Coralie Dorine Hansen and Paul Anthony Ciraulo in marriage with Father Carolyn officiating.

Pew-markers of Marconi daisies and white satin streamers marked the aisle as Coralie walked altarward escorted by her father, Elmer C. Hansen of Campbell.

Coralie wore a bridal gown of chantilly lace over satin, fashioned with a fitted bodice, styled with scalloped neckline edged in pleated nylon tulle, long sleeves and a bouffant skirt of nylon tulle, ending in a chapel train. A cascade of bouvardia and white orchids formed her bridal bouquet.

Carole Schrader, serving as maid of honor, wore a mint green nylon tulle over taffeta gown, with a pleated strapless bodice, attached stole and bouffant skirt. She carried a bouquet of pink Marconi daisies, roses and bouvardia.

Nada Stepovich, Claire McFaul and Betty Williams served as bridesmaids and Rosemarie Ventura, niece of the bride was flower girl. The bridal attendants wore identical gowns in pastel pink, and carried bouquets of green daisies, roses and greenery. Rosemarie wore a mint green gown of nylon net and taffeta and carried a bouquet of pink Marconi daisies and bouvardia.

Robert Ciraulo served his brother as best man and Alex Stepovich, Richard Farnum, Paul Sakamoto were ushers. Dave Adams, cousin of the bride served as ring-bearer.

Mrs. Woodrow Willcoxon, sister of the groom, accompanied by Genevive Serpa, presented the nuptial selections of "Panis Angelicus" and "The Lord's Prayer".

Mrs. Hansen chose a dress of gun-metal gray with pink accessories and pinned on a white orchid for her daughter's wedding. Mrs. Paul Ciraulo Sr., wore a teal blue afternoon frock with pink accessories.

A five-tiered wedding cake, and urns of white chrysanthemums centered the refreshment table of the American Legion Hall in Los Gatos for the reception where the newlyweds greeted 500 guests.

The bride wore a navy blue suit with powder blue accessories as she left for a honyemoon on the Monterey peninsula.

Paul is in his junior year at San Jose State College and is affiliated with Delta Sigma Phi Fraternity. Coralie is a freshman at San Jose State, majoring in Home Economics.

How to make good telephone service even better . . .

You'll spread the news faster if you call by number When you're making out-of-town calls you'll find that your calls go through faster — twice as fast — if you give the operator the telephone number you want rather than just the name and address. That way, you see, you won't have to wait while she calls "Information" to get the number you're calling. So why not keep a list of out-of-town numbers handy — it's surprising how much time you'll save.

now you can take calls anywhere in the house
. . . with handy extension telephones. No more missing important calls, simply because you were in a distant part of the house and couldn't get to the phone in time. You can enjoy extension telephones now — for just a few pennies a day.

Legal Notice

ORDINANCE NO. 41
AN ORDINANCE APPROVING THE ANNEXATION OF CERTAIN CONTIGUOUS UNINHABITED TERRITORY TO CAMPBELL, COMMONLY KNOWN AS THE LANDS OF CAMPBELL WATER COMPANY, A CORPORATION, DESIGNATED HEREIN AS CAMPBELL ANNEXATION 1953-2, IN ACCORDANCE WITH THE PROVISIONS OF SECTION 35300 ET SEQ OF THE GOVERNMENT CODE OF CALIFORNIA.

WHEREAS, the City Council of City of Campbell, California did heretofore on July 13, 1953, on its own motion initiatte proceedings for the annexation of certain uninhabited territory contiguous to the boundaries of City of Campbell, and,

WHEREAS, said action by the City Council was supported by the written request of the owners of all the land proposed to be annexed, and

WHEREAS, the City Council *of* the City of Campbell did, on the 8th day of September, 1953, pass and adopt its Resolution of Intention to annex said uninhabited territory, hereinafter described, lying outside of and being contiguous to the boundaries of the City of Campbell, which said Resolution fixed notice of the day, hour and place where any person owning real property within such territory so proposed to be annexed and having any objections to the proposed annexation might appear before the legislative body and show cause why such territory should not be so annexed; and

WHEREAS, the said Resolution and Notice was duly, regularly and lawfully published for two (2) successive weeks prior to such hearing in the Campbell Press, a newspaper of general circulation, published in the City of Campbell, and for two (2) successive weeks prior to such hearing in the Los Gatos Times, a newspaper of general circulation published outside the City of Campbell, but in the County of Santa Clara, State of California, proof or said publications having been made by the affidavits of the publishers on file with the City Clerk of City of Campbell, and

WHEREAS, copies of said Resolution and Notice were duly and regularly mailed by said City Clerk to each property owner in said area proposed to be annexed as shown by the last equalized assessment roll in Santa Clara County and as required by the provisions of Section 35311 of the Government Code with respect to the annexation of uninhabited territory having been complied with; and

WHEREAS, such hearing was held pursuant to said Notice contained in said Resolution on the 13th day of October, 1953, at tthe time and place fixed therein; and

WHEREAS, such hearing was not less than fifteen (15) days nor more than forty (40) from the date of passage of said Resolution; and

WHEREAS, at the said hearing there were no protests by any owner or owners of one-half (1/2) of the value of the territtory proposed to be annexed, according to the last equalized assessment roll of the County of Santa Clara, State of California; and

WHEREAS, the City Council finds that the territory proposed to be annexed is contiguous to the bounaries of the City of Campbell, and that the same is uninhabited territory as defined by said Government Code of California and that it is for the best interest, convenience, necessity and general welfare of the people of the City of Campbell that the said territory be annexed to said City of Campbell; and that its annexation will help develope more accurate boundaries for said City and will further industrial development in said City;

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF CAMPBELL DOES HEREBY ORDAIN AS FOLLOWS:

Section 1: That the annexation of the uninhabited territory hereinafter described be, and the same is hereby approved, and that the said territory be, and the same is hereby annexed to the City of Campbell; and that the territory affected by this approval and the proceedings heretofore had shall be commonly known as the lands of Campbell Water Company and designated herein as Campbell annexation 1953-2, and described as follows:

Beginning at the point of intersection of the present Campbell City Limits Line with the easterly line of that certain 2.005 acre parcel described in the deed to Campbell Water Company, as recorded in Book 1201 of Official Records, page 523 Santa Clara County Records, said point being distant 175 feet, measured at right angles, northerly of the northerly line of Campbell Avenue; thence northerly along the said easterly line of the 2.005 acre parcel to the northernmost corner thereof, being also a point in the center of San Tomas Aquino Creek; thence southwesterly along the center line of said San Tomas Aquino Creek, being also the northwesterly line of the said 2.005 acre parcel, to its intersection with the present Campbell City Limits Line, said point of intersection being distant 175 feet, measured at right angles, northerly of the northerly line of Campbell Avenue; thence easterly along the present Campbell City Limits Line and being parallel to and distant 175 feet, measured at right angles, northerly of the northerly line of Campbell Avenue to the point of beginning.

Section 2: Pursuant to the provisions of the said Government Code of California, the City Clerk shall, and she is hereby directed to file with the Secretary of State of California, a certified copy of this Ordinance immediately upon the said ordinance becoming effective.

Section 3: The City Clerk is hereby ordered and directed to file with the Office of the Recorder of the County of Santa Clara in which the City of Campbell, a municipal corporation, is located, an affidavit stating that all requirements of the law pertaining to such proceedings for annexation have been complied with. Be it further provided that this said affidavit shall be acompanied by a certified copy of boundary descriptions as set forth in the annexation proceedings and also by a map delineating such boundaries.

Section 4: That all expenses of proceedings for the annexation of the said uninhabited territory be paid, and the sums be, and they are hereby allowed.

PASSED AND ADOPTED THIS 19th day of October, 1953, by the following vote:

AYES: COUNCILMEN: ARENDS, DAHL, JENSEN, MORTON.

NOES: COUNCILMEN: None.

ABSENT: COUNCILMEN: Gomes.

APPROVED:
RICHARD W. MORTON,
Mayor.

ATTEST:
DOROTHY TREVETHAN
City Clerk.

I hereby certify that the foregoing is a true and correct copy of ordinance passed and adopted at a regular meeting of the City Council of the City of Campbell on the 19th day of October, 1953.

DOROTHY TREVETHAN,
City Clerk.

San Tomas School Has New Gear

A new slide and climbing tower were recently installed at San Tomas school for kindergarten children. They were added to the new play area established solely for the kindergarten classes.

Cambell Union School District Recreation Programs

Five schools in the Campbell Union School District are now operating either After-school or Saturday recreation programs.

Cypress, under the direction of Pat Snyder, is promoting a Saturday morning recreation program for all interested students of that area.

At Moorpark a Saturday program is being directed by Earl Morway, and at Rosemary School, Bruce Stevenson is having an hour of recreation four days per week after school. Marc Jennings of San Tomas School reports a good attendance in his after-school program. Henry Beglinger is in charge of the Saturday program at the Campbell Grammar School.

The Fall season will be highlighted by free-play activities, recreational swimming at the High School pool, and team games

EDITORIAL

FRUIT BASKET OF THE WORLD

Those little red cherries one sees in the cocktail glasses may have been grown and processed here in Campbell. The fruit cocktail from the can may have been put up here from fruit most of which was grown in the Campbell area. The dehydrated fruit in the pack might have been grown here, especially so if it is a quality pack.

Where but in the Santa Clara Valley will one find such a diversified crop of fruit? A story in the **Press** today tells of the largest dehydrator in the world being located in Campbell. It tells of a large pack for the season of prunes.

With all of the new homes and industry being set up in the valley, one would be inclined to believe the fruit crop would be diminishing. We are in the center of the prune growing area, with nearly ninety percent of the world output being grown and processed with**in a radius of twenty-five miles—yet the report today** is that here in Campbell at least, we have just processed the second largest crop of prunes in local history. The horn of plenty is not yet choked with too many subdivisions—and let's hope that it never will be.

THE MOVIES AND 3-D

It may be just as well to take our movies straight for a while longer until the showing of pictures by 3-D can be done without the use of glasses. We've had just about enough of it. The eye strain isn't worth it. The glasses given to us were so dark we kept taking them off wondering if it was possible to see clearly without them. It wasn't. Surely this method is in line for improvement, and we will be waiting for that day before seeing another 3-D. We would like a better type of picture, too, than these shoot-'em-up kind they have dished out to us.

Pretty soon now we may be sorry that summer has gone.

There seems to be more football experts than the players. Stanford upset the dopesters last Saturday with a win over a team rated by the experts as having been headed for the Rose Bowl.

BLOOD FOR A NEIGHBOR

Nearly everyone has at one time or another given blood for someone in need of it. Modern science has set up storage facilities for blood, has classified it by type, sent it in a matter of minutes to someone in distress, and done all sorts of things with it in a manner unheard of a quarter of a century ago.

The military needs are constant users of blood, especially during the period of a war. Fraternal, civic and other groups make drives for it, and one can even have it put away for possible use for themselves at some future date.

Once in a while, though, someone known to all is in dire need of blood, and it is then that a heart-warm**ing responce is made. That was the situation in Camp**bell this past week as friends rallied to the aid of a well-known business man, Horace Alford. Many of these remember him for his generous and friendly help toward those in need. It was natural, therefore, that the response was so spontaneous when it became known that he needed transfusions.

One learns better to appreciate life in a rural community such as this by the very natural and hu**manoe acts of kindness and understanding toward** others. It is the stuff of which community character is made.

Perhaps that is why some forty percent of the people interviewed last week here in a poll, declared they liked it here best because of its rural atmosphere thirty-three liked it here because of the good schools, and seventeen percent chose the climate.

CAMPBELL REGISTER

Mr. and Mrs. CHET CLEVER and kiddies BARBARA, JUDITH and WILLIE, of Kenneth avenue, attended the butterfly migration at Pacific Grove last weeken.

Mrs. ELMER JONES of Giles Way is soon to return to Campbell from a trip to Ohio.

Mrs. HAROLD DEACH will hostess the Monitor Club at a potluck luncheon today at her home on El Patio drive.

R. M. COBB of E. Campbell avenue motored to southern California last weekend to attend the German Shorthaired Pointer Club show. Cobb's champion, "Kirk the 11", gave an outstanding performance in his second field trial at this competition, Cobb said.

Mrs. J. W. BURROW of Burroughs road will entertain at a Pundita circle meeting October 28.

Home from the hunt are HAROLD STRICKLAND, J. W. WIMBLY, RAY STRONG, WILLIE MOLLESON and M. HARDCASTLE. No luck.

The VIRGIL BURNS of 110 Catalpa are moving to Sepastopol where they have bought a ranch.

Mrs. AMELIA SIMPSON passed away at the hom of her niece, Mrs. ILA RENCH, at 381 Virginia avenue, in Campbell, October 6. She had lived here about four years. She was the wife of the late William Simpson. A native of Colma, California, she was 92 years old. Funeral services were held at Forest Lawn Memorial Park in Glendale under the direction of Rutherford Funeral Home.

A former Campbell resident, Mrs. Pearl Corwin passed away in Portland, Oregon, October 6, after a long illness. She was the wife of the late Benton R. Corwin, mother of Alvin Stalcup of Chico, Harry Stalcup of Bremerton, Washington, Vernal Stalcup of Spokane, Wash., Mrs. Nola Jarvis of Portland, Oregon, Mrs. Margie Cantrell of Boise, Idaho, and Mrs. Mildred Hume of Milbrae. A native of Texas, she was 75 years old. Graveside services were held at the Santa Clara City Cemetery under the direction of Rutherford Funeral Home. Rev. Lyle Cushman of the Campbell Baptist Church officiated.

Grade Students See Stanford - UCLA Grid Game

Stanford's football win over U. C. L. A., Saturday was attended by nearly 400 students and teachers of the Campbell Union High School District. Students from Campbell Grammar School who won the PTA membership drive were accompanied by their teachers, Ralph Dill, Miss Barbara Taylor, and Miss Dorothy Wilkinson.

Representatives from other schools included Safety patrol members, Club scouts, school football teams, and other interested students.

TAXES ARE PAYABLE

FOR THE FISCAL YEAR 1953 - 1954

For the information of Santa Clara County Taxpayers, the following are important details concerning taxes for the Current Year.

THE FIRST INSTALLMENT

of taxes, which includes one-half of the total tax on all Personal Property secured by Real Estate, and one-half of the total tax on all Real Property, becomes due on November 1, 1953, and is delinquent on December 10, 1953, after which time a penalty of 6% is added.

THE SECOND INSTALLMENT

comprising the remaining one-half of the tax on all Personal Property secured by Real Estate and one-half of the total tax on all Real Property, is due on January 20, 1954, and becomes delinquent on April 20, 1954, after which time a further penalty of 6% and costs is added to all unpaid taxes.

BOTH INSTALLMENTS

of taxes may be paid in one remittance with the First Installment, if desired.

ALL TAXES MAY BE PAID at any time after receiving your Tax Bill on or after October 28, 1953

The Tax Collector's Office in the Hall of Justice, Corner of Market and St. James Streets, San Jose, is open for your convenience every day between 8 a.m. and 5 p.m. Saturdays, Sundays and Legal Holidays excepted.

TAXES MAY BE PAID BY MAIL

Checks accepted for EXACT AMOUNT OF TAX BILL *ONLY*.
Be sure to bring your TAX BILL with you, or enclose it with your remittance made by mail.

ROY P. EMERSON
Tax Collector of Santa Clara Co.

IMPORTANT: In order to determine Tax Rate for each Code Area as designated on Tax Bill, reference should be made to Tax Rate which is printed on Tax bills. Original Tax Bills are mailed to Taxpayers to whom the property is assessed on first Monday in March. If property has been sold, please forward tax bills to new owners. Original Tax Bills must be returned when paying taxes. If you have not received all your Tax Bills by November 1st, telephone the Tax Cellector's Office.

Camp Fire Girls And 'Blue Birds' Are Out Collecting 'Toys for Tots'

Camp Fire and Blue Bird Girls, one of the Red Feather agencies in the County, were going from house to house this week collecting toys which are to be sent to needy children in distressed countries over seas. After collection is completed, toys should be mended and repainted by the individual groups and turned over by Nov. 1st to the following collecting centers: Los Gatos, Mrs. Hugh Davise, Home urnisher, 20 N. Santa Cruz Ave.; Campbell, Story's Automobile Service, 52 Railroad Ave.: San Jose Frosted Foods, 630 Stockton Ave., and Mrs. C. Gibson, 403 S. 11th St., both in San Jose. For further information, groups are asked to call Mrs. C. F. Williamson, chairman of the Civic Services, FR 7-3338 from 9:30 to 1:00 weekdays only.

According to Mrs. Williamson, tray favors for county hospitals will be in great demand this year. Many groups have already adopted hospital wards, and those anxious to be included in this program, shiuld contact Mrs. Williamson at the above number.

Santa Clara Valley Camp Fire girls turned Hallowe'en night into a "Book or Treat" date three years ago. Books collected by the girls should not be larger than Reader's Digest.

This is Membership March time for the Camp Fire. Starting Sept. 14 the drive for new members will close Nov. 30, according to Mrs. A. B. Givens, Camp Fire President.

Double Sessions Only Solution For Crowded Moorpark

Moorpark parents at a PTA meeting last week were given a sample of overcrowded conditions at the school when over 600 crowder the cafetorium for a potluck dinner meeting.

Principal John Duncan said the school now has more than 800 children in classrooms which were designed for 650 capacity. This factor took noticeable effect on the tightly packed audience.

Indications are that the situation will grow worse. "A survey this week of families in the Moorpark school area, and homes under construction indicates that on opening day in the Fall of 1954, we can expect close to 1083 pupils at our doors," Duncan said.

The only solution, it was pointed out at the meeting, will be to go on double sessions, even though a new school a half mile south of of Moorpark school will relieve some of the congestion. "Efforts to maintain full-time classes this year will have to be abandoned by about the first of the year", Duncan added.

Because of double sessions, Moorpark school children attend school 215 minutes a day, although state law requires that children on full-time sessions must attend school 240 minutes a day.

Carolyn Coons, PTA president presided over the meeting.

SCOUT COURSE BY JUNIOR LEADERS

The Junior Leaders Training Course held at Camp Stuart on the site of the "Old John Brown Ranch" above Saratoga last weekend was hosted by Scout Troop 30 of San Tomas.

This rigorous 26 hour course was certified by the Santa Clara Council and was unique in that instructions were given by the scouts.

Representatives of Troops 27, 1, 25, 7 and 36 of the Santa Clara Valley attended the camp-out, as well as a number of fathers.

The course began with an introduction by Steve Anderson, member of Troop 30 committee, followed by the first demonstration by Scout Gary Standish. Gary presented examples of setting up individual camps, including fire, latrine, dining area, tent, fire protection, and dishwashing.

The general Assembly opened with the raising of the American flag, the Queen Anne flag, and the flag of the Grand Union, followed by Scoutmaster Harry Hunters' welcoming speech.

The group was divided into patrols who then set up camps. Scout Don Hunter of Troop 30 instructed the representatives of the visiting troops on leadership and instructing their own troops. Axe work and axe safety were taught by Scout Dale Morgan.

Fire-building, including various types of wood and methods of using fire starters in wet weather, namely parafin or celotex was presented by Scout Larry Newland.

The four patrols invited guests of the staff to dinner and each patrol had its fire-builder, cook and water boy.

A night mountain hike followed and from the peak, all of Santa Clara Valley was observed by the Scouts.

A lecture was given by Scout Ken Wilson on the major constellations.

The scout camp-fire was opened with a spectacular ceremony with an electric flash, prepared by Scout Ned Gault, lighting the torches.

Dr. Levi Gilbert, head of the Santa Clara County Training Committee, and Harold Alexander, Field Executive, were introduced by Scoutmaster Harry Hunter.

Breakfast was followed by chapel, with services opened by Scout Douglas Wilson. The Explorers of Troop 30 led the group in singing.

Scout Russ Cahill gave a course in observation conducting a "KIM'S GAME" before the "SCOUTMASTERS BENEDICTION" by Scoutmaster Hunter.

This entire program was under the direction of Dave Swan, Troop 30 committeeman.

CAMPBELL REGISTER

JACK MURDOCK, a long time resident of Campbell, who now makes his home at Korbel, near Eureka, California, stopped for a visit with friends here Friday, enroute to the Kiwanis convention at Santa Monica.

Rev. CORWIN H. OLDS, pastor of Campbell Congregational Church left Saturday to attend a high level, policy-making conference of the 75th annual California National Guard Association of the United States at San Diego. Col. Olds is senior National Guard Chaplain. Meetings were held October 19, 21, 22 at Balboa Park.

Sunbeam MIXMASTER

Retail Price $46.50

More About PROFILE OF THE WEEK

continued from page 1

Navy post graduate school at Monterey after a tour of flying patrol bombers in the Pacific. The younger son, James, a World War II veteran of the Marine Corps, graduated from San Jose State College in 1952, received his commission in the regular Marine Corps after serving briefly with the Santa Clara County Sheriff's office. He has been in combat with the First Marine Division in Korea where he is still serving. His wife and baby daughter Vicki live in San Jose while he is overseas.

The three fields of religion, business and the military have been effectively combined in the Olds family. Dr. Olds is one of seven sons, and his mother, with his youngest brother and wife from Akron, Ohio, have recently visited him in Campbell.

DEHYDRATOR STORY

(Continued from Page 1)

through the floor. The repair bill came to $500.

Again in 1940 a $35,000 expansion was already underway, with the purchase of two houses and a vacant lot adjoining, the new building to house four new tunnels. A dipper and grader were also installed on a site behind the existing drying unit fronting Central avenue. The dehydrator closed its 1940 books with $76,434.76 as its total assets, more than twice that recorded at the close of the first year of operation, in 1937.

In 1941 a $3500 warehouse to provide additional storage space for the dryer was built.

A new twist was added in 1942 when the local plant took its place in a new industry occasioned by World War II. Drying vegetables, and shredded dehydrated potatoes continued until 1945.

The year 1945 was marked by large scale drying of dehydrated potatoes and other vegetables in a "Food for Freedom" program sponsored by the U. S. Government. In this year, the first large scale strike ever to effect Campbell occurred when the dried fruit workers, affiliated with the International Longshoremen and Warehousemen's Union, C. I. O. stopped their work to demand a 15 cent hourly wage increase. Work was resumed after a decision to accept the conditions submitted by the Union. Twelve new tunnels were added in 1945, representing a total plant investment of $25,000. The season ended with 44 tunels in operation.

The largest jump in the co-op's expansion program came in 1947 when 12 new tunnels were added bringing the plant to its present capacity of 480 tons a day in its 48 dryers. A new dipper, new tray stacker, were installed, and new portable bins replaced lug boxes. Both 1947 and 1948 were peak operating years when the local dryer processed 15,000 tons.

Production fell off in the years between 1949 and 1952 during which the plant had installed new tray stackers, new tray scrapers, and new pallet receiving equipment. Production in 1953 however, was at the second highest level in the history of the local plant.

Among the larger grower-members of the association this year are Joseph V. Gomes, William Cilker, E. T. Nielson, M. S. Keesling, Bob Scholz, E. W. Bucknall, J. P. Gluhaich, E. A. Dow, Flora Downing, and Ernest Heyman.

INTEREST REMAINS KEEN IN SUBSCRIPTION CONTEST

Each day sees greater interest in The $1,500 Circulation Club now being sponsored by The Campbell Press.

New club members are entering the friendly competition and those already active have made commendable gains

It is easy to gain points. New and renewal subscriptions as well as the free coupons help to swell the totals.

Each new one year subscription counts for 3,000 points or 10,000 points for two years, and the subscribers save a dollar by subscribing for a club member for two years as the price is only $5.00 for two years, but $3.00 for one year.

In addition each subscriber who member will be entitled to a free gives his subscription to a Club portrait of any one in his family at Bona Ventura Portrait Studio at 219 East Campbell Avenue, thus receiving a $6.00 value for $3.00 as portraits of this size sell for $6.00 each.

Club members should try for as many subscriptions as possible each week as extra votes are given on amounts of subscription money turned in weekly. That is $20 in subscriptions count for 30,000 extra votes, $30 worth of subscriptions for 100,000 extra votes and so on up to any amount turned in within a week.

The bouns votes offered for the first twenty subscriptions turned in by a club member will still count if turned in the first week of activity, so club members who have just entered the contest may still take advantage of the offer as well as the weekly offers. They may also receive the 50,000 bonus votes for the first five subscriptions turned in by them, within one week.

Miss Hancie Naylor of Campbell is still leading, Mrs. Romain Baker of Cambrian Park is second, Mrs. Wanda Ray is third and Mrs. Louis Brandon, both of Campbell, a close fourth.

Miss Marjorie Harrison, Miss Nancy McElvogue and Miss Pat Means all of Campbell are new Club Members who have a good start in the competition, as has Miss Pat Taylor of Cambrian Park.

The standing of club members to 5 p. m. Monday, October 19;

Campbell	
Miss Hancie Naylor	147,500
Mrs. Wanda Ray	142,000

Rosemary Huskies Score Tough Wins Over Colts, Rams

Rosemary Huskies now have two wins and no losses in the Campbell Touch Football league with wins over Campbell Colts and Cypress Rams. The Huskies take on San Tomas Tigers Thursday at Rosemary at 3:30 P. M.

Forty-five Rosemary students atended Stanford-UCLA Football game last week along with Miss Callister, Mr. Adams and Mr. Stevenson of the Rosemary teaching staff.

Rosemary School Paper now has a name. Judges, Cliff Cassiday of Campbell Press, Mrs. Wathen, Campbell Art specialist and Mrs. Diehl of the Rosemary Home School Club selected the name "Chatter Box" as the winning title. Ronald Stone and Sherianne Barker both submitted this name and will receive duplicate prizes for their efforts. The Chatterbox is published every third Friday, and the second edition will come off the ditto tomorrow.

A special Magic Show is being planned for Friday October 30th as part of the pre-Hallowe'en assembly. Robert Neily, Campbell High School Junior will present his complete show of magic. Time is 1:45 and parents are invited.

CAMPBELL CARAVAN RATES RAVES

by Bob Olson

Fabulous! Studendous! Sensationaal! Terrific! Astonishing! Wonderful! Amazing! Magnitudinous!

These are pompous, bombastic, yes—even grandiloquent adjectives. Yet, this past week, we've heard all of them used to describe this weekend's Big Show. Fabulous is the word to describe the Charleston type dancing in "All I Do Is Dream Of You," the fast, bouncy number by cute Marilyn Perata and pert Ellen Stepovich which opens "CAMPBELL CARAVAN", the high school's 1953 Variety Show, in the auditorium tomorrow and Saturday nights promptly at 8. P. M.

An breathtakingly inspiring are the superlatives to describe Mr. Frank Triena's sixty-two voiced Campbell Choir, which, in its part of the program will sing America's melting pot message, "Give Me Your Tired, Your Poor", the popular Negro spiritual, "Lazarus" (which seemed full of good humor in spite of its morbid subject matter, when we heard it in Tuesday's assembly) and the Russian folk song, "Fireflies", which is full of toe-tapping Cossack rhythm.

As sweet as pineapple and melodious as the ukeleles they strum are the Hawaiian group, made up of hula dancers Marleen Moore, Arlene Klein, and Bill Montero (the first male hula artist every to sway a CUHS stage).

Side-splitting is the adjective to describe the hilarious Niagara Falls blackout (which should harken everyone in the hall back to old time vaudeville) featuring Big Bill Gregg, "dumb guy" Clayton Shanrock, and that smooth "operator", Don Harris.

The show runs the gamut of emotions, from the superb SUNDAY DRIVER'S PANTOMIME, a satire on the weekend maniac, and representing the ridiculous Jerry Lewis performed by Fred Buckingham, all the way up a rendition of some spellbinding classical numbers by operatic-voiced Janice Muslow, representing the sublime.

Wonderful is the precision-perfect group rhythm dance performed Campbell High's answer to the Radio City Music Hall Rockettes, Yvonne Flaminio, Beverly Strandberg, Nancy McElvogue, Deanne Doerr, Judy Keech, and Pat Means, who give their jump interpretation to the very popular hit parade number, "Oh!"

Surprising is Don Davis's comedy routine with a lizard called Sam, who, like Kilroy, turns out to be "not there at all." Timely describes the Dragnet Dancers, Marie Kanamoto, Marlene Ava, Evelyn Judd, and Carol Foster, while earth-quakingly hilarious is "Badge 417", which will make you as dissatisfied with Jack Webb and "Dragnet" as most people are already about 3D movies.

Also featured will be hoarse-voiced Bob Ledum and his "Heaven and Earth" girls in the quaint Irish ditty, "Cockles and Missels;" pretty Carol Shapancky, who has a costume that's out of this world" and who keeps three batons active all through her fast-step dancing, and, of course, our semi-professional Elaine Grizilo with more of her Ethel Merman type "Razz a ma tazz" songs.

During the intermission there will be selections by the "new" Campbell High School band under the baton of Dick Gordon, and then for both dessert and divertissment, we'll all thrill to the old time melodrama that is the one act mystery, "The Monkey's Paw."

Sales will be held under Sects. 427-428CVC at 2081 Lincoln Ave., San Jose, at 8 a. m. Nov. 7, 1953, to satisfy liens held at locations of vehicles as shown: at Rt. 1 Box 37, Morgan Hill, Ply. eng. CAMPBELL FROZEN FOOD LOCKERS
(Lowell Way behind Kopper Kettle) FR 8-3445
HOME FREEZER MEATS
A 7-point Buyer's Guide
1 — QUALITY . . . Is the meat grain fed Eastern Brand to insure fine flavor?
2 — CURING . . . Is each piece (tagged with your own name) cured under ultra violet light from 10 to 14 days to guarantee tenderness?
3 — CUTTING . . . Is the meat cut to individual specification BY A CONCERN WHICH IS NOT IN THE RETAIL MEAT BUSINESS?
4 — WRAPPING . . . Is the highest quality freezer paper used for wrapping to avoid dehydration during storage?
5 — SHARP-FREEZING . . . Is the product actually "sharp" frozen at 30 degrees below zero in a blast of moving air to seal in the nourishment and flavor? (No home freezer or market-type ice cream freezer can possibly sharp freeze.)
6 — GUARANTEE . . . Is a 100% guarantee given to the customer?
7 — PRICE . . . Is the price competitive with any concern doing the same top quality processing job outlined above?
